General Instructions:

- All resources (except the web banner ads and banners) are available as Microsoft Word documents with pre-formatted text boxes for use in customizing each piece with your specific information and details. Simply open the appropriate Word document file and edit the supplied highlighted sample copy as needed.
- The font has been set to Georgia, which best matches the overall design.
- Reminder: Remove the highlighting before saving your customized file.
- Before sending these to your local quick print shop, you should convert each file to a PDF if you have the ability to do so.
- If you do not have this ability, your Word document should also work well. Someone at the quick print shop should be able to help you if there are any problems.

Additional Instructions:

- Most of these resources are also available as high-resolution PDFs, for those who wish to customize them using a design program like Photoshop.
- The Church Media Screen Shot is included as a Word document as well as a PowerPoint Slide for easy inclusion in the weekly announcements that may be broadcast onto a screen at a church service.
- The Web Banner Ads are available as animated GIF files for use “as is” on a church Web Site. The original Photoshop files are also included for those wish to edit them and include an optional third panel with your specific information and details.
- The large format banners are available and the files are ready to send off to a printer.
